

# **Clips & Clamps Industries**

## **Engineered Solutions**

At CCI, we have the advantage to utilize our network of metal forming departments, combined with fabrication and assembly, to create value for the customers. Our diverse capabilities include:

### **Wire Form**

4 to 18 Axis machines

2.0 mm to 10.0 mm diameter low carbon wire forming capabilities

### **Fourslide**

F Series fourslide up to ¼ “ diameter

Baird Multi-Slide up to 3/32 “ diameter

Both sheet and wire stock

Capable of standard carbon steels and precious metals

### **Stamping**

32 to 300 ton Progressive Stampings

In die stacking, tapping, and part feature monitoring

### **Fabrication & Assembly**

Robotic Welding

Resistance Welding

Power and free assembly with 100% inspection

Semi-Automated Assembly
